The Newsletter where caving and the arts meet

## Submission Guidelines to Illuminations

Kenneth Storey  
Editor

### Material can be sent:

- By email: kennethstorey@charter.net  
If you have large files (larger than 10MB) send me an email first to see what can be worked out.  
Usually I can reply to your email in one day.
- You can also send your material on a CD/DVD disk. Check your disk to make sure all material needed is actually on the disk. For example, if it is an article make sure any links, and fonts are included.
- You can send photos of your artwork. I have the means to scan up to tabloid size. Make sure you take a good photograph of your artwork.
- Please don't submit HAND written or typed stories. Short items I can handle but I feel very nervous trying to re-type your work.
- If you have any other concerns, questions, etc. not covered above let me know and I will see what we can work out.

### Material that we publish:

Of course we publish any art form except for straight photographs. This may change in the future.

Cave Stories

Cave Poems

Music about caves

Reviews of cave related art events

Cave Art of all kinds (This includes photographs that have been altered enough to no longer be considered a photograph). I will make a determination after I view the piece.

### Who can submit material:

A&L members will get first priority for space in the newsletter.

A&L members may submit material from other artists, writers, etc. to the editor for publication in the newsletter. It will be up to the editor to decide first, if the content is compatible for this newsletter, and second if space is available.

Cavers who are not A&L members can submit material but will be encouraged to become a member. In rare occasions non A&L members work will be used.

*Illuminations* is the official publication of the Arts and Letters Section. Section SS-22 of the **National Speleological Society** for individual authors whose work appears herein. Contents published with their permission. Inquiries for reprinting should be directed to the authors; contact addresses will be provided upon written/email request of this editor. Permission is granted for reprinting in the Speleo Digest. Opinions expressed in *Illuminations* are not necessarily those of the Section nor the NSS. Questions regarding membership should be addressed to the Treasurer. Material for publication should be sent to the editor. Any material that seems to promote practices which are unsafe, flagrantly in violation of NSS conservation policy, or would be detrimental to good landowner relations will be reviewed by the editor to determine whether it is acceptable for publishing.
